

“Help us to help them”

Founded by the actor, Adrian Paul, The PEACE Fund focuses on small, under-funded and hard working charities determined to make a positive difference to the lives of children living in extraordinarily difficult circumstances.

The words Protect, Educate and Aid are the focus of The PEACE Fund’s goals.

As part of our fundraising efforts, the Pounds for PEACE campaign aims to encourage supporters to live a healthier lifestyle. In so doing they will become fitter and more focused on enjoying life and all it has to offer.

Your support in sponsoring the bearer of this form will enable The PEACE Fund to continue to improve the lives of children in need.

Further information about the Fund can be found on its website: www.thepeacefund.org
